WA's Road Transport Industry
Safety Forum

About Transafe WA

Transafe WA is a not-for-profit industry initiative with the vision of providing safer transport industry workplaces and roads by fostering and promoting safer practices.

Formed in 2012 by a passionate volunteer committee, Transafe WA moved from concept to reality during 2013 due to the support of seed funding received from the Western Australian State Government via Main Roads WA.

Transafe WA is committed to a safe, professional and sustainable road transport industry that protects its employees and the broader community.

The core objectives of Transafe WA for the road transport industry are to:

1. Identify industry needs and risks
2. Process and administrate identified problems
3. Identify, promote and advance training and accreditation
4. Present safe working standards and in turn a safer environment for all Western Australian road users
5. Act as conduit between operators, industry and government, providing an effective information exchange for all stakeholders that will lead to stronger relationships, continuous improvement and a reduction of incidents.

Transafe WA Timeline

In the four years since operations began, Transafe WA has delivered 15 successful road transport industry safety forums, built a strong membership and subscriber base, hosted the inaugural ATA Safety Truck tour of WA, and developed cooperative working relationships with key transport industry stakeholders.

Who are our members?

Membership is available to any person or organisation that has a connection with the road transport industry...

In adherence with Transafe WA's Rules of Association, prospective members must apply, and their application be ratified by the Committee of Management at their monthly meetings.

Transafe WA have developed a combined member and subscriber list (now in excess of **1200**) which includes heavy vehicle owner/drivers, transport and logistic companies, end users (eg mining, construction, waste management, agriculture and food), heavy vehicle manufacturers and service providers, training providers, government, regulators, and allied agencies.

"I didn't hesitate in becoming an early member of Transafe WA, I was immediately impressed with the calibre of the committee and aligned closely with their objectives. As safety is a paramount concern of mine, I understand the opportunities to be associated with other industry members of the same outlook, which will drive positive outcomes on all fronts."

**Adam Gosling, Principal Consultant,
TyreSafe Australia**

Meet our Committee of Management

Our committee is made up of broadly experienced road transport operators and safety focussed service providers who in their day-to-day operations have also identified a need for a place where industry can come together to share their experiences, showcase and support positive initiatives, and work together towards delivering continuous improvements to WA's increasingly busy road freight network.

Transafe WA members have the opportunity to nominate for committee each year at the AGM.

Current and former Transafe WA Committee of Management members: Kris Clarkson (Clarkson Freightlines), Allan Price (Busselton Freight Services) and Shannon Dawson (Dalwallinu Haulage)

Steve Post, Chair

Steve has held senior management positions in risk surveying, general freight, livestock, grain, fuel haulage and mining. He has been an owner-driver in long distance heavy haulage. He currently works for WA's Centrewest Insurance Brokers as a transport and earthmoving insurance specialist.

Steve's absolute commitment to safety was recognised in 2011 with the Western Australian Road Transport Association award for the most outstanding contribution to the road transport industry. In the same year he was awarded an inaugural life membership to Transport Women Australia Ltd for support given to

the organisation, and for outstanding industry contributions.

Steve holds a Diploma in Occupational Health and Safety and a Diploma in Business Management (Quality Auditing). He has been an executive member of the Chartered Institute of Logistics and Transport (CILTA), and an elected member of the City of Mandurah for seven years serving as a local government councillor.

Kris Clarkson, Vice-Chair

Raised in a regional family transport business, Kris has been actively involved in the transport game for the majority of his life providing him with a very hands-on practicality to business and transport alike.

Family based values and a commitment to professionalism were ingrained into Kris by his parents from a young age. Coupled with Kris's passion for rural and regional WA, these traits have provided the platform for Clarkson Freightlines commitment to raising the standards of the WA transport industry for a safer and more efficient future.

Denis Price, Treasurer

Jan Cooper, Secretary

Committee of Management Members –

Allan Price, Busselton Freight Services
Adam Gosling, TyreSafe Australia Pty Ltd
Ken Post, Formerly WA Police
Alan Tait, Industry Consultant
Dean Hewitt, Driver Hire Australia
Stephen Lane, Department of Mines and Petroleum

| Access up-to-date safety resources and case studies for the road transport industry via free forums and downloads |
| Discover the current issues and challenges for industry and stimulate management thinking |
| Be recognised as a proactive safety focused operator via exposure across Transafe WA's extensive networks |
| Benefit from special member offers |
| Nominate for committee to further participate with Transafe WA objectives |

"Thanks for a great day, I thoroughly enjoyed it and have been singing the event's praises to all I have encountered since Monday. The standard of speakers, topics etc were all very relevant and well covered, the day in general was to be highly commended." – **Forum 2 Participant**

"The Transafe WA Forum was another great opportunity to hear from industry leaders about a range of topics that have a potential to affect our organisation. The quality of presenters on the day was truly excellent... and the topics I initially thought had the least relevance to my organisation actually had the most."
– **Forum 2 Participant**

"...it was exceptional... it's a 'must attend' in my calendar. You provide a great service to the transport industry." – **Forum 4 Participant**

"Yesterday's meeting was absolutely fantastic and I must say what a diverse line up of presenters all displaying a strong passion for their fields..." – **Forum 7 Participant**

"Great initiative, doing a fantastic job." – **Forum 10 Participant**

"I felt proud to be associated with Transafe WA and believe we have established a sound base for returning to the Pilbara." – **Forum 11 Participant**

"As has been the pattern with each forum I attend, I assume I'll only learn a small amount but end up with a truckload of quality information, pardon the pun. Thank you to... the entire Transafe WA team on another valuable industry event." – **Forum 12 Participant**

Application for Membership

Please briefly detail your association with the Road Transport Industry:

Why are you applying to join Transafe WA? What do you hope to get from membership? (eg. advocacy, events, safety and compliance resources, networks, member discounts, safer industry, improvements to the status of truck-drivers)

What can you contribute to Transafe WA?

I hereby apply for membership:
